

Solution Accelerator: Consultant Working Sessions

www.avolutionsoftware.com

- Deepen your ABACUS Knowledge, leap over modeling hurdles, and stay on top of evolving goals by meeting regularly with an Avolution Consultant.
- These working sessions are not just support - they are collaborative, hands-on engagements designed to align with your objectives.
- Consultants offer personalized advice, planning, and coaching to help you progress key use cases, optimize your architecture practice, and deliver meaningful results.
- Whether you're evolving your model, refining your data, or surfacing insights for stakeholders, these sessions adapt to meet your team's needs.

Includes two 1-hour working sessions per month with an Avolution Software Consultant. To meet more frequently, this Solution Accelerator may be applied multiple times.
